We are "THE STORM"! We will descend on DC. The Storm will rip apart the facade of a dark putrid government. Evil will shrivel as The Light of God cleanses and opens minds and eyes to the Truth. Patriots, you are The Storm. You are the good, the love and strength of our Country. Have faith and everyone pray. Be there on the 6th in body or spirit.

If you are going to be in DC on Jan 6, please plan to stick around for at least a week or until Trump is selected as the next President.

Do not be like the armed protest in Virginia that lasted one day and when everyone went home, they passed their anti-gun laws anyways.

They have to see that you are serious.

If Pence stabs Trump in the back, he might get a huge payout, but his career will be over. He will never ever recover and will be remembered as the traitor of all traitors. If he does not however, he stands a good chance at becoming potus himself one day. And if he won't want that, he will at least be a name spoken greatly about in history books.

I don't want to imagine him as a traitor. I just can't.

I've been seeing/reading some pretty disturbing shit about pence.

Some can call him the silver fox all they want, but I don't trust any mother fuckers except DJT.

I just saw a recent video posted here where a guy was interpreting the press briefing when sec. of def. was introducing pence (space force briefing) and he had some interesting things to say.

I'm not a conspiracy theorist, but I will never just blindly say anything is bullshit...everything deserves a look.

Pence is a career politician. He will never, ever, ever do anything the slightest bit controversial or courageous. He will certify the vote and pose for a photo op with Biden and Pelosi because "muh unity" and "muh democracy." This isn't even a question.

– [Proda](#) 10 points 12 hours ago +13 / -3

He might not certify them. He wants to be POTUS more than anything.

If he doesn't he pretty much will give up on the votes of Trump's base.

Granted, it is still a calculation on what is most beneficial to him, but if people were to strongly show him that if he took that stance he would get 2024 ez, and if he didn't he would have no future as Republican he might be strongly swayed in favour of it.

Honestly I've never been into Mike Pence; He's a career republican politician, nothing special about him. I love the Race Bannon memes and I love that he doesn't take meetings with women who aren't his wife without several witnesses, I could give less than a shit about his opinion on homosexuals (one way or the other) at the end of the day I look at him the same way I look at Me Lindsey or The Turtle. I don't trust him. Just because he's kept his dagger sheathed for four years doesn't mean he won't use it.

I still think the fact he put it will be wild at the end is telling, But what do I know.
